## TABLE TALK

**May 2008**

**Volume 1 Issue 1**

CAFETERIA FURNITURE FOR THE EDUCATION MARKET

### Watch For Table Talk!!!

Welcome to the *inaugural issue* of Mitchell's "Table Talk". Besides company and product announcements watch "*Table Talk*" for specials, personnel introductions and other *valuable news* put together to help you make the best cafeteria furniture choices for your projects. If you know of anyone that would be interested in receiving "Table Talk" either forward your copy to them or pass along a *request to be added to our mailing list*. There are exciting things happening at Mitchell. *Let "Table Talk" put you on Mitchell's first to know list.*

### Visit Mitchell's Updated Website

Just last month we turned on our *enhanced website*, [www.mitchell-tables.com](http://www.mitchell-tables.com). Though it remains a work in progress the new site is immediately *more*

*informative, visually appealing and easier to navigate.* New photos, improved content, a dealer locator, *downloadable literature*, specifications, parts lists, and instructional videos will begin appearing soon. A "*Recent*

*News" section* on the home page will complement "Table Talk", and in the event that you miss "*Table Talk*" it will be available on the website for your review. *Please visit the site at:*

### New Wall Mounted Table/Bench Systems!!!

For nearly half a century Mitchell Furniture Systems has been producing durable, high quality and high value *wall mounted table and bench systems* for the educational market. Known as "Doubblers" many of the original generation units installed in the early 1960's are still providing safe high quality service nearly fifty years later.

Mitchell is *proud to introduce the latest generation*

wall mounted system, the "*08 Series*".

The new designs incorporate features that enhance the safety, strength and performance of the wall mounted systems. *Newly designed locks* provide *greater safety and security*. The *new bench lift assist* system contributes to *better performance*, while a new structural mid apron increases the strength and weight capacity of the benches.

We believe the "*08 Series*" *establishes a new standard for the wall mounted table market*. If you are considering replacement of your existing units or the inclusion of wall mounted systems in your new construction project, *contact us for information and/or a quote*. We will be happy to provide you with any product or assistance you require.

*For NEW Orders, Parts, & Service,  
Call 800-290-5960  
Thank you for Buying Mitchell!!!*
